

The Grail Story: Healing Psyche, Patriarchy and Planet

March 2, 2009
4:00 PM - 5:30 PM

Drew Room-Church Center

*Until feminine and masculine qualities are equally valued,
there can be no equality in decision-making or care-giving by couples,
families or patriarchal institutions.*

Cultural attitudes change when a critical number of people change their perceptions, when a tipping point is reached and that which was resisted is accepted as normal. Valuing women and valuing feminine qualities are what leads to equal rights and responsibilities.

Heeding the urgent message from Mother will only be possible through the combined efforts of grassroots activism and enlightened leaders.

A deeper understanding of the problem and the potential solution comes through mythic insights into the sacred feminine, the grail and goddess archetypes.

Workshop led by author, Jungian analyst and activist Jean Shinoda Bolen, M.D.

Jean Shinoda Bolen, M. D. is a psychiatrist, Jungian analyst, clinical professor of psychiatry at the University of California San Francisco, a Distinguished Life Fellow of the American Psychiatric Association and recipient of the Institute for Health and Healing's "Pioneers in Art, Science, and the Soul of Healing Award".
